

Mobile App And Tablet Usage

Smartphone and Tablet users can stay connected 24/7 with our free Mobile App. Deposit a check, check account balances, make transfers between accounts, and more. It's easy and convenient.

Features:

- Make Deposits
- Check Balances
- Transfer Funds
- Locate ATM

Getting Started

First, you will need to register your mobile phone in online banking. Second, you will need to complete the [Brentwood Bank Mobile App setup](#).

Click on your Brentwood Bank Mobile Bank App and log in.

Using Your Mobile App

Once you click on your Brentwood Bank Mobile App, you will see the online username screen.

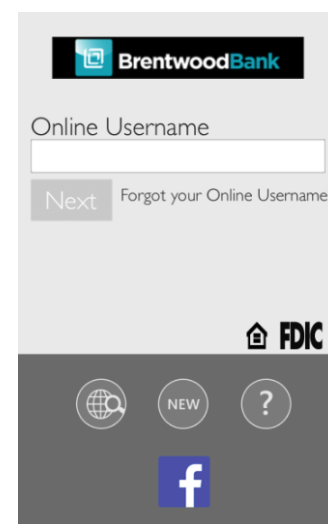

Enter your **Username**. You will use the same Username from that you use for Online Banking.

Click on the **Next** button.

You will then come to a screen to enter your Online Password. After entering your password, click on **Login**.

When you login for the first time, you will have to answer a security question before you enter your password.

At this time you are ready to maneuver around in your Mobile App

Using Your Mobile App Cont.

Features of your Mobile App include:

View Account Balances

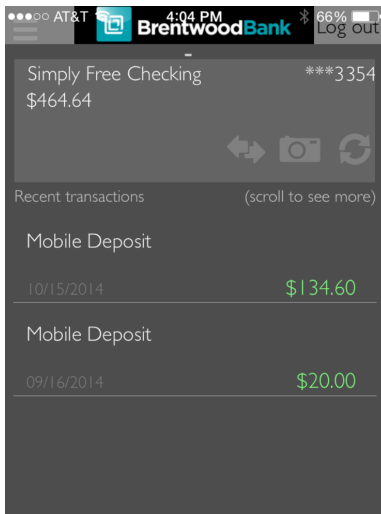

Transfer Funds

View Transaction History

Mobile Deposit Check Capture

The accounts are always organized by type: Checking is first, followed by savings, then investments, and finally loans. To change the account swipe it to the left or right.

View Account Balances and Transaction History

1. View your Current Balance
2. Available balances
3. Look at recent transaction history.
This will show debit transactions, deposits, and cleared checks.

Scroll down on this page to view more account history.

After viewing your account, you transfer money or make a mobile deposit. Simply choose from one of the following buttons:

Transfer Funds—within the Accounts Selection

This will allow you to transfer money between different accounts. Click on the button with the arrows.

Amount - Enter the dollar amount you want to transfer.

From Account —This will populate with the account you were viewing in the accounts section. You can change the account. This is where the money will come from.

To Account - Click on the “To” box to view all your accounts. Click on the account you want to transfer funds to and click the “Select” button.

Continue—Click to submit your transaction.

Mobile Deposit Check— Make Deposits 24/7

Click on the camera icon.

1. **Deposit Into Account**—Verify the Account Number
2. **Amount of Check**—Enter the Amount of the check you want to deposit.
3. **Next**—Click on the Next button.

Verify your amount on the screen and take a picture of the front and back of your check.

Once the deposit has posted to your account. You may shred the check.

Menu Options

Located at the top left hand corner of your mobile device, you can select to view your accounts, Move Money, or change your settings.

Account Summary

This will get you back to your account information. All your accounts are displayed here.

Move Money

Allows you to transfer funds from one account to another.

Settings

Select how much history you would like to view on your mobile device. You can choose as little as 1 day and up to 99 days of transaction history.

For security, you can choose for your device to keep you connected as little as 1 minute all the way up to 10 minutes before it logs you out.

You can also save your Username for future logins.

Locations

Find an ATM or Branch location.
